

Department of Bioinformatics
Dr Molewaterplein 50
Room Ee15.38
3015 GE Rotterdam
The Netherlands

How to reach the Department of Bioinformatics offices:

If you come by car, please take a look at the map below to see where you can park your car. Although the Department's address is Dr. Molewaterplein 50, the parking garage has another address, which is Westzeedijk 361 (see underlined street names for your orientation). Since not all navigation systems will recognize this address, you can use the map as a reference. This is the only entrance to the parking garage at this moment. Once you parked your car, follow the signs 'Faculteitsgebouw'.

If you arrive by taxi and have used the Dr Molewater address you will be dropped off near the Sophia's main entrance. From here please also follow the signs 'Faculteitsgebouw'.

At the faculty entrance take the elevator or stairs to the 3rd floor. Please walk past the security lobby to the main elevators. The Department of Bioinformatics is located on the 15th floor. Our secretary's office is in Room Ee 15.38.
